OUR IMPACT

One Way Kids- Carabayllo

25 students are plugged in and being disciplined in our One Way kids program.

Feeding Program - Carabayllo

Every other Saturday, we provided 65 meals to people in the developing community of Carabayllo.

Discipleship Program

4 community leaders in Carabayllo have been mentored and disciplined this year and are now leading our programs in their community.

Drop In Center

15 women received services through our center this year.

Safe Work

4 women were rescued from sex trafficking and found safe work through our program this year.

The women know that they can come to the center to receive help, and that we have an office space where they can come and share their stories, or just share about their day and be heard.

Having our own place with weekly office hours is a blessing because they know that during these hours, they can come and receive the help that they need.
